Albert Simons's Colt Lord Quex Will Probably Be Post Favorite for the Race-St. Tammany, Billy Karrick's Candidate, Is Being Given a Special Preparation for the Race-Big Prices Paid for Racers at Recent Sales-John A. Pohlman Successful With Game Chickens,

New Orleans, La., March 1 .- The Crescent City Derby to be run here March 15 will be worth in the neighborhood of \$3,800 to the winner. The distance is one and one-eighth miles. John W. Simons's much-improved coit, Lord Quex, will be a strong post favorite for the stake. Lord Quex is a son of imp. Ingoldsby. He won the New Year's Handicap in handy fashion from a field of the best 3-year-olds here. Horsemen generally admit that Lord Quex is the best animal of his age shown

Few of the other 3-year-olds that have been campaigned here this season amount to much. Tom Hayes's cast-off, Kaffir, who ran a creditable race Wednesday, is a probable starter in the stake. He went to the post as fat as a prize bull in his first

the post as fat as a prize bull in his first and enly start here, and ran's good race. Billy Karrick is giving a colt named St. Tammany a special "prep" for the Crescent City Derby. This horse has not started here up to date. Albert Simons has engaged the crack colored jockey, J. Winkfield, to ride Lord Quex in the Derby. Fred Foss of Chicago has been endeavoring to purchase Lord Quex. He offered Simons \$1,500 for the colt and \$1,500 extra, if Lord Quex won the Derby, but Simons refused to part with the horse at this figure. He says that Lord Quex is worth just as much as McChesney, the colt that Sam Hildreth bought last fall for \$19,000.

Bimons bought Lord Quex from Hildreth for E.50 at Chicago last season. Tom Welch, who trains for Mayor Fleischman of Cincinnati, owned the colt originalis and sold him to Tom Griffin for \$50. Hildreth bought the horse from Wille Martin.

Bimons has been exceedingly lucky of the colt. Lord Quex Sold for \$500. bought the horse from Willie Martin.

Bitsons has been exceedingly lucky at the present meeting. Besides his success with Lord Quex, he has won several stakes with Alard and Nitrate, two handy horses that he bought out of selling races. He expects to win the Moutgomery Handicap at Memphis with Alard, provided he can get the horse to the post. This horse won three straight races here and then pulled up with a bad knes.

Gold Ornament, the Ornament—Mattie Allen 2-year-old filly, that distinguished herself by winning the St. Charles Hotel Stakes from a field of the best youngsters here, was fired shortly after this race, and hardly will start again at this meeting.

Good Horses Sell Well.

Good Horses Sell Well. Race horses that can win are fetching big prices down here right now. O. G. Parke, the Texas turiman, sold his crack 2-yearold filly, Navasota, by Imp. Gallantry, the other day to Frank Van Praag of New York for \$3,500. Navasota won several races here and is a filly with a terrifot turn of speed. She beat everything here at three furiongs, but Merry Sister gave her a decistve beating the first time the youngsters were asked to go a half mile.

The steeplechase scandal is still causing a lot of comment in turf circles. I talked with Captain Rees the other night. He said:

They never attempted to do any business in the stake races, but it seems as though they invariably bet on the right horse in the ordinary overnight jumping races. The owners of the horses were in the dark as to what was going on. The gang made two big clean-ups with W. H. Dixon, but the day that King Elkwood won they bet on the wrong horse. The gang did not think that King Elkwood had a chance, and made no effort to have him stopped."

Now, in view of Emma C.'s wonderful success in producing Commando to the cover of Domino, the question among racing men who know all the foregoing facts is, what would have been the history of the turf year of 1991 if Ed Purser had been able to nurchase Emma C., instead of being forced to let her go to Alfred Lakeland? Would she, in California, where she might have gone if Purser had retained her, met a stallion who would have mated with her to anything like the same degree of success that Domino had?

What will be, from present appearances, the largest and most pretentious Indoor athletic meet ever conducted in this city will be held next Saturday evening at the Exposition Collseum, when the St. Louis University will give its big indoor event of the season. From the class of entries and from the interest taken in the event, the affair promises to surpass anything of the sort ever witnessed here.

All the local schools and colleges have entered and will be represented by teams, while outside entries in the scholasic and collegiate classes are numerous. In the half-mile race and in the various relay races collegiate and schoolsafte teams have been arranged.

One event in which there will be much local interest is the special races for the Turner societies and rowing clubs have aiso been arranged.

One event in which there will be much local interest is the special race for members of the Police, Fire and Post Office departments, and three teams are now in training for the event. In the open races entries have been received not only from the local colleges, but from institutions like the University of Chicago, Moran of the St. Louis University and Uffendahl of the Notre Dame team. These men will meet in a half-mile race, which will practically decide the indoor championship of the country, and

Coach Delaney last week received word
from Maloney to the effect that he would
bring his brother, Fred, with him, and that
both men would participate in the various

as though prospects for at least one world's

On account of the size of the place and the easy curves of the track no grading will be necessary on the turns.

Coach Delaney carefully tested the footing of the track and stated that it was one of the best he has encountered in his career for running events. Sufficient space can easily be obtained for a fifty-yard straightaway race, and both the dash and the hurdle will be at this distance. There will probably be no weight events in the meet.

Speaking of the interest taken in the meet. Coach Delaney stated last week that the event would afford a good preparation for similar meets in the course of the World's Fair, as it would prepare both local athletes and the public for amusements of the sort. Several such meets are projected for the World's Fair season.

Among the colleges to be represented, besides St. Louis University, are the Christian Brothers' College of this city, the University of Chicago, Notre Dame, the University of Illinois, Illinois College of Jacksonville, Shurtleff and possibly the Missouri State University and Kirksville. Schools to enter include the High School, Smith Academy, Western Milltary Academy, Manual Training School, Kirkwood Military Academy and the local public schools.

tournament are now being arranged. A spacious track will be laid in the curio hall or the Ninth and Arch Museum, and there for six days a number of sturdy and ambitious young women will pluckily sprint for championship honors and tempting cash prizes. The entries come from all parts of the country and include several winners in previous events of similar character.

Manager Bradenburgh emphasizes the statement that the match is not to be an exhibition in the ordinary sense of the word, but a genuine championship contest, governed by regular rules. The laps as they are recied off will be carefully scored by competent professional scorers, and the

On account of the number of high schools eligible for track work, Southern Illinois has been divided into three sections, and athletic meetings are scheduled for Mount Vernon, Lebanon and Cairo. Nashville will participate in the Mount Vernon meet.

Cuiver Military Academy has arranged its baseball schedule for the coming season, the fact being of interest locally on account of the incumbency of Julius Wcodward of this city, who will captain the team this year. H. W. Fleet will coach the nine, and a feature of the schedule, arranged under his inspection, will be a series of seven practice games with the Kewanna Athletic Association. The schedule follows:

Four jockeys of merit sailed on the Teutonic last week. Henry Spencer, Clem Jenkins, Johnny Reiff and Charley Gray composed the quartet. Spencer will, of course, ride for the Messrs. Keene whenever his weight will permit. He expects to be able to do 112 pounds without much trouble. In all prebability he will have the mount on Olympian in the Lincoln Hardicap. The colt's weight is 109 pounds, but Spencer hopes to take the mount by declaring two or three pounds overweight.

Jenkins is accompanied by his brother. Frank Gardner, the well-known American, who made his fortune in Australia, is Jenkins's employer, and Eugene Leigh is the trainer of the stable, Jenkins has hopes of riding the winner of the Derby in the colt Ard Patrick, owned by the Irish turfman, Johnny Reiff will ride for one of the most prominent turfmen of France, M. Cailliont by hame. It is also said that he may ride in some of the early races at Lincoln, but there is some doubt about this, Reiff has been visiting some of his friends in Kanses.

Charles Gray, the fourth rider in this party, was once well known at the Chicago tracks. He rode on the Continent last year, and will again accept mounts in Austria.

Nate Hill and Carb Sloan were passengers on the St. Louis, Both are accompanied by their wives. Hill will at once proceed to Frankfort-on-the-Main, where his employer, Mr. Weinberg, a very wealthy man, has accumulated a great stable of race horses. Hill expects to ride the winner of the most important race in Berlin.

Sloan had such wonderful success in Russia last year that it may be difficult for him to repeat it, but he has great hopes, Before salling he told the Daily America's representative that he was of opinion that his brother. Tod would receive his license. Joe Scherer, who a few years ago was one of the best jockeys on the Western turf, expects to leave for Europe on Saturday. Scherer has not ridden for some time, but expects to be able to ride at 125 pounds or less. He has been in communication with a well-known journalist in England, who thinks he can place him in a stable in that country, but Scherer is doubtful about the treatment which Americans would receive there, and he will probably close with an Austrian horseman. He is in good condition, and confident that he retains all his old skill.

CORRIGAN AT NEW ORLEANS. Report Current That Turfman Is in Search of a Jockey.

New Orleans, La., March I.-Edward Corrigan was a visitor at the Crescent City track last week. He came here in search of a jockey, and left at night for Magnolia Springa, Miss., where he has a winter home. He was unsuccessful in his quest for a rider, but said Willie Waldo would do the light weights for the stable. The boy's father, however, says Willie will not be with Mr. Corrigan this season, but will ride in the East.

Corrigan said he knew nothing about Hawthorne, and did not know who the officials at that track would be this year. The news comes from a reliable source, however, by way of Memphis, that Tom Magee, who for years has been Mr. Corrigan's private secretary, and who went to England with him, will be the next secretary of the Report Current That Turiman Is in

A Railroader Cured After Others Failed,

Drs. Francis and Franc's.

Gentlemen: You will remember me. About a year ago I placed myself in your care, a nervous, broken-down wreck, suffering from long-standing Varieocele and Lost Manhood. I was very skeptical and much doubted your ability to cure Varicocele in five days, but I now know that you can fulfill all your promises. After returning home I took your supplementary treatment as directed, and can safely say that I am permanently cured. That feeling of timidness and despondency has entirely left me. You cured me after all others falled. You may use my testimonial in any way you like, and I hope it will not only help you, but be of assistance to all sufferers in search of a cure. I assure you that any inquiries I receive regarding your treatment will not be answered to your detriment, as I feel that I can never repay you for what you have done for me. Sincerely yours. JAS. G. BODEN.

A Well-known Lincoln County Farmer Cured.

Drs. Francis & Francis:

Dear Sirs—it is now nearly two years since you so ably treated me for Varicocele, and my sense of gratitude behooves me to inform you of my condition. Ambition and confidence have replaced my former gloom and despair; I am fully restored sexually, and feel like a King among men. For twenty-two years I suffered all the physical and mental tortures of Varicocele. Life to me was a miserable existence, but the one week I spent under your care has completely rejuvenated me. My only regret is that I did not meet you twenty years ago. Local physicians told me I could not be cured, but they now join with me in indorsing your treatment. I consider the fee I paid you the best investment I ever made. I would not take \$10,000 for the benefit derived. I will be glad to act as a reference, and will answer all inquiries from fellow-sufferers. Truly yours,

#### Stricture Sufferers.

Stricture and gleet are the two destructive maladies which go hand in hand for evil in the male genito-urinary system. They never cure themselves, but on the contrary are ever becoming more aggravated, and if neglected or improperly treated are certain to result in Bladder and Kidney Complications of a serious and fatal nature. The method of cutting and dilation employed by most physicians is harsh, unscientific treatment, and cannot be too strongely condemned, for it invariably leaves the patient in a worse condition than before.

Our cure for Stricture is safe, painless and permanent, and free from surgery in any form. Our treatment, besides possessing wonderful healing and curative powers, is anti-inflammatory, antiseptic, and germicidal; and the cure is accomplished without suffering or personal inconvenience, in a thorough and radical manner. We can promise every sufferer from Stricture and Gleet complete and lasting freedom from the many annoying and distressing symptoms which accompany these conditions. Drevy obstruction in the urethra is forever removed, all discharge soon ceases, inflammation and soreness are allayed, the ulcerated canal and bladder are healed, the prostate gland reduced in size, the sexual system is invigorated and a complete restoration to normal

#### Nervo-Sexual Debility.

Young Men.

Have you yielded to temptation and become a victim of that harmful, victous and solitary practice of self-abuse so prevalent and destructive among most young men? You are realizing the baneful effects. Your sallow, pimpled face, dark-circled eyes, stooping form, stunted development, bashful, melancholic countenance and timid bearing proclaim to all the world your folly, and tend to blight your existence. Nocturnal dreams, exhausting lesses of vigor, etc., are a constant drain on your vitality, and will surely lead to an untimely end. Do not despair; we can prepare you for the duties and pleasures of married life and make you once more—a man among men.

Middle-Aged Men.

For some of the sins of your youth you have no doubt already paid the penaity. Dissipation and sexual excesses have been added to your list of transgressions, Private and blood diseases have ravaxed your system and undermined your already weakened vitality. Your neglected weaknesses have developed into organic diseases. You are not the man you should be. You lack the power, energy and confidence which are so precious and necessary to perfect manhood. You are old before your allotted time, but if you will awaken to a realization of your true condition and take steps to have it remedied there are yet many golden years in store for you.

Are you one of the unfortunates who have made a wrong commencement and failure in life? Is your weakened system crying out for help? You are nervous, irritable and despondent, every organ of your body seems deranged; you are growing weaker and weaker sexually; your manhood is on the decline and will soon be lost unless you do so mething for yourself. Our long experience has rendered us thoroughly familiar with all the causes and effects of Nervo-Sexual Debility, and we have lifted up enough fallen men to make an army. Our treatment will remove all the ill-effects of your former folly, stop every loss and drain on your vitality, invigorate the wasted sexual organs, clear up the clouded brain; in fact, will strengthen you in every way and quickly restore you to what nature intended—a healthy and happy man, with physical, mental and sexual powers complete. Avoid the many cheap, worthless remedies on the market; they are but temporary stimulants; the treatment we employ contains no injurious drugs and leaves no bad after effects; it builds up gradually and permanently strengthens the weakened parts.

WRITE -One personal visit is always preferred, but if it is impossible for you to call, write us a full description of your has proven uniformly successful; thousands are cured by mall who otherwise would be unable to take advantage of our expert skill and wonderful success in curing. All out-of-town patients receive our personal attention, and may rest assured that our very best efforts will be put forth in their behalf, as much so as if they were under our immediate care.

Jockey T. Walsh will probably ride this season for Fizer & Co. They have made the iad an offer and a contract will probably be signed this week.

Reviewing last week's "dope" on the line of poor riding, one finds that at least eleven horses should have won that did not. On Monday Bristol should have been first, instead of Dagmar, but as this was a steeple-chase, of course it does not count. On Tuesday, in the second race, Tros should have been the winner, but the boy pulled him up at the start, and this was the only thing that prevented him from scoring brackets. In the very next race Miss Contrad should have beaten both Sim W, and Weldemann, had she not been messed about and ridden all over the track.

Following that in close order, Walsh tried to place Annoy, and again the horse that should have been first had to take third money. In the next race we find that Death money.
